## SUNDAY DECLINES ONE INVITATION

But Further Pressure will be Brought to Bear and he May be Secured for Address in St. James Church.

Telegrams exchanged Thursday evening between local clergymen and Billy Sunday indicate that there will be no little trouble in securing the services of the famous evangelist for a public meeting in Gettysburg at the time of his visit here next Monday. Late Thursday afternoon the following telegram was sent from here.

Gettysburg, Pa., March 2, 1916. Rev. Wm. A. Sunday, Baltimore, Maryland.

The Adams County Ministerial Association, in behalf of the whole populace, urgently invites you to speak, even if briefly, in Gettysburg at an hour convenient to you next Monday. Four hundred and fifty students of Gettysburg College and Seminary will be in your audience. Please telegraph answer at our expense. Letter follows.

W. R. Glen, Secretary. Within a very short time this answer was received from Mr. Sunday.

Baltimore, Md., March 2, 1916. Rev. W. R. Glen, Gettysburg, Pa.

Am afraid won't have time or strength to give. Object of my visit to see the famous battlefield. Must return early. Thank you for your kind invitation.

W. A. Sunday. The local clergymen will not give up hope, however, and a number of letters have been sent urging him to accept the invitation here. If everything else fails, further efforts will be made upon the arrival of the party next Monday. Mr. Sunday is due to speak in Westminster at 10:30 in the morning and should arrive here about noon.

If he agrees to talk in Gettysburg he and his entire party will be asked to accept the hospitality of the county ministerial association during their stay here and they will be the guests of the clergymen at luncheon.

Should the efforts of the Ministerial Association prove successful it is believed that St. James Lutheran church will be used rather than Brua Chapel. The church is more centrally located, has a larger capacity, and persons may hear without difficulty, no matter in what portion of the auditorium they may be located. This is not true with regard to the annex of the chapel though Mr. Sunday's voice would carry even there, it is thought.

The pastor, Rev. J. B. Baker, is out of town now, but he is a great admirer of Mr. Sunday and members of the church council indicate that the use of the auditorium will be given willingly in case there is need for it. The college authorities are apparently leaving the securing of Mr. Sunday to the town and county association of ministers, but it is understood that a section of the church will be reserved for the boys from the institutions here if the meeting is held. All arrangements to prevent overcrowding will be well handled.

### MOTHERS MEET

Guise, "Lack of Patience."

Miss Rachel Scott and Mrs. F. E. Taylor also spoke. The devotions were led by Mrs. Lake. Mrs. E. H. Mackley sang a solo and Miss Helen Oyler played a violin solo.

## SUDDEN END TO LICENSE CASE

Nace Withdraws his Transfer Application and New Purchaser Must be Found as Sprengle will Vacate Hotel.

The expected hearing in the application for the license transfer at the Shaeffer House, East Berlin, scheduled for to-day, was called off this morning when Charles S. Duncan Esq. withdrew the application of Harry E. Nace, of Hanover, against whom a remonstrance, bearing the name of 190 signers, had been filed.

Matters in connection with the hotels at East Berlin have been somewhat complicated. R. E. Sprengle, who holds the license at the Shaeffer House, recently purchased from Roy S. Baker the furniture and fixtures of the Sunday House, now known as the New National Hotel. Mr. Nace, owner of the other hotel, accordingly made application for the transfer of the Shaeffer House license from Sprengle to himself. Then came the remonstrance.

To further complicate matters the advertising for the transfer of the license at the New National to Mr. Sprengle was in error and had to be done again, the first insertion appearing Thursday and the date for the transfer set on Monday, March 13. Before such transfer can be made Sprengle will have to relinquish his license at the Shaeffer House and a new purchaser will be found in the meantime.

The citizens of East Berlin are very much alive in their activities over license matters and are watching every move with regard to their two hotels. So keen is the feeling, it is said, that signers for license transfers are rather difficult to obtain.

They were well prepared to fight the transfer to Nace for they had in their possession the report of Constable Samuel Coover, of the Fifth Ward Hanover, in which he made very damaging accusations concerning the conduct of the Five Points Hotel while Nace was its proprietor. They opposed the hotel transfer on the ground of lack of necessity, unfitness of the applicant, and that there were not twelve signers duly qualified.

## LOCAL CITIZENS ON SHIP WARNING

Petition Urges Mr. Beales to Cast his Vote on Side of Question which President Wilson Opposes.

A petition is being circulated among citizens of town requesting that Congressman Beales cast his vote in favor of the measure which would warn Americans from taking passage on armed merchant ships of belligerent nations. A number of signers have been secured and the paper will be placed in the hands of Mr. Beales at a very early date.

The wording of the petition is brief and to the point, stating its purpose simply and declaring the attitude of the signers on the matter which now holds the pre-eminent place among the many questions which have arisen in connection with the present war. The local people who sign the petition understand that it is contrary to President Wilson's views in the controversy, but a number of Democrats have declared their attitude by affixing their names to it.

What Mr. Beales will do when the question comes up for disposition is a matter for conjecture, for he has made no public declaration, it is understood, on which side of the debate he will cast his vote. Not only is the question one of national importance in view of the complications which may arise through its final disposition, but further interest attaches to it by reason of the well defined report that President Wilson will refuse the Democratic nomination for the presidency if Congress decides contrary to his views in the question.

The petition Thursday evening contained about twenty five or thirty names, including business men, college professors, and others. It is understood that the list was increased to-day.

### THE BOHEMIAN GIRL

First Grand Opera to be Produced in Gettysburg.

One of the very few operatic presentations that attract and delight children is the Aborn Opera Company's big spectacular production of "The Bohemian Girl" which comes to Walter's Theatre on Thursday, March 9. Balfe's masterpiece in its present amplified form contains much that interests both old and young. Realism is now attained in the several great scenes by the employment of pigs, chickens, monkeys, geese and dogs, the introduction of which does not mar in the least the beauties of Balfe's beautiful music. A cast having as its important members, Edith Allan, Henry Taylor, Mildred Rogers, George Dugan, Francis Tyler and Ralph Nichols insures an artistic rendition of the opera—advertisement

### SNYDER—MARTZ

Harry W. Snyder, formerly of Gettysburg, and Miss Anna B. Martz, of Shamokin, were married at St. John's Reformed parsonage, Shamokin, on Monday morning by Rev. Dr. C. B. Schneider. They will reside in Allentown.

A Shamokin paper in telling of the marriage states that the bride is a High School graduate, a spry and so-called of marked ability, and that until recently she was employed as a bookkeeper at the Eagle silk mills. Of Mr. Snyder it says that he "is a native of Harrisburg and one of the best known automobile experts in the central part of the state, holding a responsible position with a large concern at Allentown."

## FELL ACQUITTED IN SHORT TIME

Jury Has no Difficulty Agreeing upon Verdict. Two Confessing Youths Likely to Escape Chair.

It required just thirteen minutes Thursday afternoon for the jury at Pittsburgh to acquit Aaron Fell on the charge of being an accessory to the murder of his mother-in-law, Mrs. Viehmer, who was found dead at her home near Pittsburgh on December 12. Only one ballot was taken. Penrose Myers, Edward McCommon, Winfield Horner, Ernest Weaver and Oscar Rice attended the trial, having been subpoenaed to prove that Fell was absent at the time he was supposed to have contracted with two men to commit the murder.

When the jurors left the court room all the spectators remained, it being generally predicted that there would be a speedy verdict. Mrs. Fell sat at the side of her husband chatting with him when at 4:58 o'clock the light flashed in the court room announcing that the jurors had agreed. Judge Searle instructed the court officers that no demonstration of any kind should be permitted after the verdict was read. A few minutes later the jurors filed into the court room and took their seats in the box.

As the verdict of acquittal was announced the wife grasped the hand of her husband. His face brightened and he smiled. Fell then sat down in his chair. Court officers prevented a demonstration. Judge Searle thanked the jury and in discharging them told them that he felt that their verdict was in accordance with the law and the evidence. The prisoner was formally discharged. After shaking hands with his friends in the court room he left with his wife and relatives, going immediately to his home.

Mrs. Fell was happy over the vindication of her husband and declared that she was never in doubt of the outcome, feeling that when the jurors heard her husband's side they would find him not guilty.

As White and McClure, the youths who committed the murder, pleaded guilty, it is up to the Court to determine the degree of the crime. It is generally conceded that the boys went to the place to rob and not with the purpose of killing, and it is likely that a second degree charge will be placed and sentence imposed on it. Judge Searle and District Attorney Jackson have both stated that if the Court (Judge Searle) imposes sentence of death they will ask the Board of Pardons to commute the sentence, and Judge Searle stated Thursday that he believed he would make it second degree.

## WILSON DENIES GORE'S CHARGE

President Did Not Say He Was  
Ready For War.

### U-BOAT TILT IN SENATE

In Debate in Armed Ship Controversy  
Mr. Wilson Was Accused of Saying  
War With Germany "Would Not be  
Ungrateful," and Might Hasten the  
End of Conflict.

Washington, March 3.—The controversy between President Wilson and congress over the wisdom of warning American citizens to keep off armed merchant ships of belligerent nations burst into flame.

It was openly declared in the senate by Senator Gore, Democrat, of Oklahoma, that he had heard a well authenticated report that the president had told congress leaders that war between the United States and Germany "might not be ungrateful," and might result in advancing civilization by bringing about the end of the European war by midsummer.

Senator Gore, whose words precipitated a most sensational debate, and resulted in a formal denial from the White House, is the author of one of the resolutions before congress warning Americans off belligerent nations' vessels because of the Teutonic powers' new submarine campaign.

When the account of what Senator Gore had said was carried to the president, the following statement was issued:

"When the attention of the White House was called to certain statements in Senator Gore's speech, the president authorized an unqualified denial of any utterance to which any such meaning could be attached."

An authoritative account of what had happened at various conferences between the president and the members of the senate and house said the president had impressed on senators and representatives the view that the United States must follow established international law in dealing with the submarine issue, because if any other course were followed, the United States would be unable to steer a straight course in its dealings with foreign nations.

On the sides in the war, the president said, had committed acts in retaliation against acts of the other side, which were not in accord with international law. The president declared it was said that to warn Americans to keep off armed ships of belligerent nations, in effect, would acknowledge justification for attacks on such ships.

In reply to questions at one of the conferences, the president is understood to have said that following out the notes of the United States government, diplomatic relations might be broken off with a nation which causes the death of American citizens in disregard of international law and the rights of man.

The president added, it was said, that he had been informed from certain sources that breaking off diplomatic relations might precipitate war. He said he could not certainly predict what might follow, but that, despite his earnest efforts to keep the United States out of war, he must uphold the rights of American citizens to the freedom of the seas.

The president was said to have been asked at one conference what effect the entrance of the United States into the war would have. He is understood to have replied that it might shorten it.

It was denied in well-informed quarters that the president had any intention of conveying the impression that he desired the United States to enter the war to shorten it, or for any other reason.

On the contrary, he is said to have urged in the most vigorous possible manner, his desire and hope that the United States might keep out of the war. He is understood to have said that he had made earnest efforts to keep the United States out of war since it started, and would continue to bend his every effort in that direction.

In connection with the controversy, the state department announced that it had received advices that reports are being circulated in Berlin, as coming from Washington, that congress stands five to one against the president in the present crisis. Officials made their information known to show the extent to which they believe Berlin is being misinformed.

The storm broke unexpectedly when Senator Stone, announcing that he was not in accord with the president's demand for a defeat of the armed ship relations, proposed a means to let the Gore resolution come to a vote, and Senator James announced that the administration forces had the votes to defeat it. The defeat of the resolutions is necessary, President Wilson contends, if he is to be able to continue, with hope of success, his negotiations on submarine warfare with the Teutonic powers.

## MOEWE CAPTURED, IS RADIO REPORT

British Cruisers Said to Have  
Caught German Raider.

Buenos Aires, March 3.—Press despatches from Montevideo say a steamship arriving from Europe intercepted, near the coast of Brazil, a wireless message that British cruisers captured the German auxiliary cruiser Moewe, which has been raiding British commerce in the Atlantic.

The Moewe, it is said, was taken by the British cruisers to the island of Trinidad.

There is some doubt as to the identity of the German vessel reported captured. One version is that the vessel is the German cruiser Roon.

The captain of the American steamship Santa Barbara, which has arrived at Montevideo, announces that a French cruiser which put out from Dakar, on the west coast of Africa, encountered a German raider, named Moewe. Under cover of darkness, the German ship got away, although damaged on her upper works by the French fire.

The Moewe first came into prominence with the arrival at Hampton Roads, several weeks ago, of the British steamship Otrera, in charge of a German prize crew. Prisoners on board her brought word of a mysterious German commerce raider, the Moewe, which had captured and sunk seven British merchantmen and Admiral transports, besides capturing the German liner from the Canary Islands.

Reports from the Canary Islands, on March 2, reported the arrival of the British steamship Westburn with a German prize crew on board, said to be from the Moewe. According to these reports, the Moewe, after the capture of the Argon and other British vessels, sank five steamships off the coast of Brazil between January 16 and February 9.

### RUMANIA PREPARING

Concentrates 120,000 Men Opposite  
Widin, Bulgaria.

London, March 3.—Three army corps (120,000 men) have been concentrated by the Rumanian general staff in western Rumania along the Danube river, with headquarters at Calafat, opposite the Bulgarian fortress of Vidin, according to reports reaching Anglo-French headquarters at Salonika.

An Austrian naval squadron appeared off the island of Corfu, but fled back towards Cattaro when it sighted a fleet of allied warships.

### ITALY WON'T DISARM SHIPS

Notifies U. S. Armament Will Not Be  
Removed, But Used in Defense.

Rome, March 3.—The Italian ambassador at Washington, Count Macchi, has been instructed to notify the American government that notwithstanding the German and Austrian decrees regarding the sinking of armed merchantmen without warning, Italian merchant ships will continue to carry armament.

The ambassador was instructed to say the ships will use their artillery only for defensive purposes.

### Get Outline of British Reply.

Washington, March 3.—Secretary of State Lansing said that Ambassador Page, at London, had cabled an outline of Great Britain's reply to the American protest against interference with mails, which is coming by post. He declined to say what the outline indicated. Nothing will be done, he said, until the note has been received.

### Fight Air Raider Off Dover.

London, March 3.—A German aeroplane which raided the southeastern coast of England, dropping bombs and killing one infant, was again sighted off Dover, according to a message from that port. It was pursued by two British aviators and is reported to have been damaged in a fight high in the air.

## GERMANS STRIKE AGAIN AT VERDUN

Attacks in Woeyre Region, Re-  
pulsed, Says Paris.

### TEUTONS MASS BIG FORCE

Fort Vaux in Northeast, Battered  
Down—French Place German Losses  
at 150,000.

London, March 3.—The German offensive at Verdun has been resumed after a brief halt, but apparently not on the scale or with the force exerted during the early days of the drive.

The offensive was renewed on the plain of the Woeyre, east of Verdun, where the Germans have worked at several points to the base of the heights of the Meuse, passing before the strong French positions that crown the ridge to the west of the plain.

In an apparent attempt to break the French line near the southern end of the twelve-mile front along which their recent advance in this region was pressed, the Germans made a drive on the French at Fresnoy, ten miles southeast of Verdun, and succeeded in penetrating the French positions at some points. Paris, however, declares that they were promptly ejected in a counter attack.

(Fresnoy was reported from Berlin sources to have been taken by the Germans Monday.)

The French themselves took the offensive at Doncourt, four miles northeast of Verdun, the outlying fort captured last week by the crown prince's Brandenburg troops, and since reported to be held by Germans cut off through subsequent French advance. Berlin announces that the attacks were fruitless, only resulting in useless sacrifices of French troops. The Berlin statement does not mention the Fresnoy operation, the Verdun situation being otherwise covered in the general statement that conditions along the Franco-Belgian front remain unchanged.

West of the Meuse river, the Germans are showing signs of renewed activity, violently bombarding French positions between Malancourt, ten miles northwest of Verdun, and Forges, five and a half miles east of Malancourt, indicating a possible spread of the line of the Verdun attack to the west.

Only important happening recorded in either of the official statements was a German attack in the Farangeur district, west of Bezaune, ten miles north of Luneville, which Paris declares was a complete failure despite prolonged artillery preparation.

There is possible significance in a German announcement of intense activity by the British artillery in the Yser district of Belgium, where military observers have forecast a possible diversion of the German line of the French further down the line.

In the event of such a diversion, the French experts say, the Germans must have lost close to 150,000 men in killed, wounded and missing. Most of them were picked first-line troops, carefully selected.

The exact figures of the French losses have been given to the committee of military affairs of the chamber of deputies by Colonel Bourabellie, chief secretary to General Gallieni, minister of war. It is stated that they were not high.

An Amsterdam despatch to the Central News says that Fort Vaux, five miles to the northeast of Verdun, has been destroyed by heavy mortars, according to unconfirmed German reports, but that the Germans cannot approach the fort, as the French have brought heavy artillery to bear on the approaches.

### BULGARIAN KING WOUNDED

Illness Reported Due to Unsuccessful  
Attempt to Assassinate Him.

Rome, March 3.—An unsuccessful attempt was made to assassinate King Ferdinand of Bulgaria in his journey between Sofia and Vienna, according to reports received here.

Ferdinand's alleged "indisposition," it is said, is in reality due to wounds inflicted upon him by a would-be assassin.

An Amsterdam despatch of Wednesday's date reported advices from Vienna that Ferdinand was ill in bed there, of bronchitis. He came to Vienna to visit the Emperor Francis Joseph.

### House Holds to 20-cent Measure.

Washington, March 3.—The annual fight over the question of mileage for congressmen took place in the house, and the twenty-cent rate per mile was retained in the legislative, executive and judicial appropriation bill. Amendments lowering the rate to five cents a mile and the payment of actual expenses were defeated by a vote of 159 to 49.

## 5 VESSELS SUNK IN U-BOAT WAR

18 of Crew of Russian Steam-  
ship Drowned.

London, March 3.—More vessels have been sent to the bottom in the new German submarine campaign.

The crews of three British smacks landed at Lowestoft. Their vessels are said to have been sunk in the North sea.

The Italian sailing ship Elisa also is reported to have been sunk.

The Russian steamship Alexander Wentzel has been sunk. Eighteen of the crew were drowned and eleven rescued. The steamer was of 253 gross tons and 129 feet long.

It has been learned that the Swedish steamer Kalypso, which struck a mine, February 28, was sunk about 200 yards inside the limit of Swedish waters. Germans had been laying mines in the vicinity of the accident. Lloyd's agent at Ruyt reports that the British steamship Thornaby, previously reported sunk by an explosion at sea, in which all of her crew but three were killed, struck a mine.

A despatch from Amsterdam says that the new German campaign is to be carried on by means of disguised commerce raiders, like the Moewe.

### TRACKMEN GET RAISE

D. L. & W. Grant 5000 Men Increase  
of 15 Cents a Day.

Scranton, Pa., March 3.—An increase of 15 cents per day was granted to trackmen employed along the entire system of the Lackawanna railroad.

About 5000 are affected. They will get \$1.15 per day under the new scale. More than 300 foremen employed by the Lackawanna received a voluntary increase of \$5 per month.

### Puddlers Get Increase.

Birdsboro, Pa., March 3.—Following the announcement of the Reading iron company of an increase in wages for puddlers, the Brocks iron company has increased the wages of its puddlers twenty-five cents per ton.

### Says Del. Peace Crop is Ruined.

Georgetown, Del., March 3.—Ten fruit growers in Sussex county say there will be but a small crop of peaches this year. The warm suns of January, followed by sudden freezing, have killed the buds. Jacob Ross, of Milford, declares the buds were frozen before they began to swell and are ruined, and the crop this year will be an absolute failure.

### Ford Not a Candidate.

Lansing, Mich., March 3.—Henry Ford telephoned Secretary of State Vaughan asking him to "please withdraw my name from the presidential primary." Mr. Ford's request was about twenty-four hours late. The law requires that if no withdrawals are given before noon on March 1, the name goes on, so Mr. Ford's name is apt to stay on the ballots.

Experience Not Safe Guide.  
It is foolish to try to live on past  
experience. It is a very dangerous

to be safe because of something that  
we felt or did twenty years ago.

**Easy Way Out of Difficulty.**

A blacksmith of a village in Spain murdered a man and was condemned to be hanged. The chief peasants of the place joined together and begged the alcalde that the blacksmith might not suffer, because he was necessary to the place, which could not do without a blacksmith to shoe horses, mend wheels, etc. "But," said the alcalde, "how then can I fulfill justice?" A laborer answered: "Sir, there are two weavers in the village, and for so small a place one is sufficient; hang the other."

## Dry Goods Department Store

### Fully Ready For SPRING

### With A Greater Stock Than Ever Before

### Mostly at Old Prices

There is a Bonifide Reason—for the high prices ruling to-day in all commodities. You have heard all about it—but it has not yet touched your purse in the buying of Dry Goods if you came here for them—for the reason that we tried to forestall price advances by heavy orders whenever old prices, or near it, could be had. But we are now at the limit—as to quantity of stock we can carry and getting anything on new orders—except at present day prices, or what the wholesaler calls "At Value." We advise you to take advantage of our present prices on stock contracted for at, or near the old prices.

Fancy Woven & Printed Floral Patterns in Part Silks & Fine Cottons.

Printed & Plain Colored Cotton Voiles, Marquisettes, Grenadines, Seed Voiles, Faconna, French Gingham—and dozens of New Weaves and Printings in Cotton Wash Fabrics. Wash Fabrics were never so pretty as these early Printings & Weaves.

## Women's and Misses' SPRING DRESSES

of Silks, Serges, Poplins—or combination of two materials. If you have seen or read of any Special Style Creation for Spring—or even if it is a product of your own imagination—the probability is that, in part at least, you will see it embodied in our New Spring Dresses. Some are of all Taffeta or Messaline with Georgette Crepe, or in combination with Serge. Others are of all Serge with Silk or Braid bands &c.—in fact cannot describe any one style as in most cases there is only one of a style.

Price begins at \$5.75 to \$20.00

## LADIES' & MISSES' TAILORED SUITS

Between \$9.75 & \$27.50 there are dozens of styles in Serges, Poplins, Gabardines, Taffeta Silks—all smart and new and unusually attractive. The "Wooltex" line is represented by its best styles. Colors are Navy, Reseda, Black, Brown, Burgundy, Tan, &c.—also various Checks. Coats are mostly plain backs with blouse fronts and ruffled over hips—or semi fitted back—full skirts. Some of the coats have leather collar and cuffs and belt trimmings—some with a touch of White on collars—others braid and taffeta silk bands &c.

**SPECIAL**—Cut & Style—for the woman who is somewhat out of proportion in size, but who wants a suit away from the plainness of those usually shown in odd sizes can be suited with us this season—at a medium price.

For the younger and petite Miss are the Norfolk Styles, or ideas in coats—with skirts pleated to conform.

No two Suits alike—Never a prettier or more varied assortment.

## NIAGARA MAID SILK GLOVES—AT NO ADVANCE OF PRICE

### Guaranteed Finger Tips

An order placed last August for Spring delivery gives us complete lines of .50, .75 & \$1.00 gloves in exactly same grades as we have had before—with the addition of White Points on Black and Black Points on White—and colors such as Tan & Grey—at 50 cts.

In 16 Button Musquetaire lengths—we are showing White, Black and Tan—at \$1.00.

The scarcity of Kid Gloves—and the consequent higher prices, asked by most stores made Silk Fabric gloves very greatly in demand and we consider ourselves fortunate in having secured this most excellent Silk Glove at no advance in price.

Lisle and other Fabric Gloves—for heavier wear—25 & 50 cts.—in same qualities as before.

## IN KID GLOVES, THE P. CENTEMERI & CO. LINES.

We are pleased to be able to say that they have taken excellent care of us in the matter of keeping us stocked in sizes and kinds in the same former qualities and—except in one instance—we have made no advance in price. A full and complete stock of colors and sizes for Easter now—but owing to the great demand for this period, and scarcity in Importers' hands, we suggest early purchase for fear of disappointment at the last moment.

## Umbrellas Under Values.

Last Fall we bought an unusual quantity of Umbrellas under the advance price "squeeze." We know if we tried to buy the same kinds now we would have to pay more for them. Except for three small factories in the United States all Umbrella frames were made in the War Country—and it is represented to us that these "Small Factories" have been for some time operating on Munitions—and up goes the price of handles and frames. All cloths, especially dyed cloths, are much higher. We are offering this lot at exactly the same prices that we asked for the same grades a year ago. Ladies' & Men's sizes and handles, and because of the great number of our stock prices are even less for some grades than formerly.

Prices are \$1.00—\$1.25—\$1.50 to \$3.00.

## MEN'S SHIRTS AT 50 CTS.

### NEGLIGEE & DRESS

There was never a better Shirt made, that we know of, than our celebrated "Red Top" brand to sell at 50 cts. BEST in quality of materials—Madras, white or colored, Chambrays, Percales, BEST in the liberalness of cut, BEST in style. The next lot will have to be skimped in quality or size because of the advance in materials. A 60 Dozen stock now. Silk Cuffs, Soft Cuffs, Laundered Pleats, Plain Fronts—and all the others.

## THE LAST SALE

### Of The Spring Season

is scheduled for April 8, a little more than a month from now.

Advertising for it should appear at once—for this reason: If your neighbor, living within several miles, wants to buy a piece of machinery this Spring and he doesn't know what you are going to sell he will go to a sale where he has seen it advertised. He won't take the chance of waiting for your sale. If he does see the article he desires advertised, he in all probability, will wait for your sale. His bid will more than pay for this advertising.

This is but one case, as a rule there are three or four similar instances occurring at each sale—sometimes more. There is no necessity for the man having sale the last of March to advertise continuously until the date of sale, but his advertisement should be prepared and appear at least once without delay.

The secret of a good sale is good advertising. The Times will help you prepare your advertising and advise you honestly what you need. We are not here to take your money but to be of service. In addition to the service our experience enables us to give, we offer the advantage of 500 Cards free if your advertising amounts to \$5.00 or over.

If you Sale has not been Advertised.

Bring it in without delay.
